

Electric Coffee Grinder

Coffee Grinder

QTY/CTN: 24 PCS
SIZE/CTN: 325*425*450 mm
G.W/CTN: 14 KG

KMDJ-1

1. Fast grinding speed: it can grind 10g coffee in 2 minutes
2. Magnetic bean hopper cover , easy to use
3. Large capacity of bean hopper, 40% larger than similar products in the market, can grind more coffee at a time
4. Professional ceramic conical burr design makes the grinding process more detailed and the coffee powder more uniform
5. Precise grinding fineness setting, adjust the fineness level for any type of coffee
6. Lithium battery operated with type C charging port and battery indicator
7. The bean hopper can be placed vertically on the table to avoid side leakage of coffee beans
8. The bottom is designed with anti-skid silicone gel to reduce vibration and avoid displacement during grinding

Include: KMDJ-1 Electric Coffee Grinder, Charging Cable, Manual, Color Box

Rated Power: 18W

Input Power: 5W

Materials: ABS, AS

Size of Bean Container: 30±5g

Size of Powder Container: 35±5g

Product Size: Ø83×189mm

N.W: 455g(±10g) **G.W:** 550g

Package Type: EPE, Color Box

Package Size: 102*102*217mm

Electric Coffee Grinder

Coffee Grinder

Ceramic Conical Burr

KMDJ-2A

1. Professional ceramic conical burr design makes the grinding process more detailed and the coffee powder more uniform
2. Precise grinding fineness setting, adjust the fineness level for any type of coffee
3. Lithium battery operated with type C charging port and charging indicator
4. One press for grinding, will power off automatically when finished
5. It will stop working automatically when it is blocked around the burr
6. Three-stage design, the whole body can be disassembled for cleaning
7. Round shape design with exquisite texture

Include: KMDJ-2A Electric Coffee Grinder, Brush, Charging Cable, Manual, Color Box
